**The Marriage Enrichment program** that has been transforming marriages in Ireland for over 50 years and in 94 countries around the world. The programme involves a Weekend experience that transforms the way spouses communicate to deepen their love for each other.

The Weekend experience allows one to develop a higher and broader understanding of what it means to be married. Sacramentally married couples are most welcome! Faithful to the Roman Catholic Church's definition that marriage is a covenant that exists between one man and one woman, any reference to "marriage" or "couple" made by Worldwide Marriage Encounter is in this context. While faith is a powerful part of this process, the focus of the Marriage Encounter experience is on the ups and downs of married life.

We thank you for helping us to reach as many married couples as possible by sending the pdf attachment to the many parishes in your diocese for inclusion in their Parish Newsletters. Preferably for two weekends if that is at all possible. Research has proved that most of the sacramentally married couples attending our Weekends come from advertising on the parish newsletters.
